March 21, 1975

Dear Dr. Porter

The Computer Communications Group of the Trans Canada Telephone System is sponsoring an information seminar at the downtown Vancouver Hyatt Regency Hotel from April 7 to 11, 1975. The show, known as "Update '75" will feature an audio/visual presentation on the latest developments in data communications, and will provide an opportunity to view computer communications terminals and services in an operational setting.

The last day of the seminar, Friday, April 11, will be dedicated specifically to the academic community. The audio visual portion, ½ hour in length, will be run at 2:00, 3:00 and 4:00 P.M. in the Plaza Ballroom.

We would like to invite you, members of your faculty, and interested students to this unique presentation. It would be appreciated if you could let us know the approximate number of people we might expect from your institution by calling Louise Lewis on 685-4827 by April 7, 1975.

Yours truly,

March 14, 1975

Dear Council Member:

The third offering in Douglas College's planned series on multi-unit housing management is ready. The purpose of the upcoming workshop is to provide information and management 'tools' so that councillors are able to meet their responsibilities more effectively.

Emphasis in the course will be on 'how to'. Material covered will include management procedures, meetings, committees, insurance, taxation, legal matters, professional management, and relations with the community at large.

Four Monday evening (7:15 to 10:15) sessions are scheduled for April 14, 21, 28 and May 5 in Room 308 at Douglas College's New Westminster campus.

Workshop leader is Jean-Pierre Daem. As well as participating in a number of housing seminars, Mr. Daem has published several articles related to condominium living.

Enrollment is limited to 30 participants and the cost is \$20.00 (see attached registration form). As this workshop will assist you in the performance of your duties, it is possible that your Strata Corporation will reimburse you for the registration fee.

Sincerely

*Lynn R. Leavens*

DOUGLAS COLLEGE DINNER DANCE

Here it is....the big social event of the year!

The one and only Faculty/Staff dinner dance for the 1974-75 College year will be held on Saturday, April 19th. After much deliberation, Hazelmere Valley Golf Course in Surrey was chosen as the best location.

The facilities at Hazelmere are comfortable and create a warm, relaxed atmosphere. A very extensive smorgasbord will be served from 8:00 till 10:00 p.m.. The varied, exciting menu includes prime west coast salmon, baron of beef, fresh oysters on the shell, prawns, scallops, glazed baked ham, roast turkey plus hot spicy dishes, salads, etc. etc..

We are also very pleased to have the terrific Bobby Herriot Band for your listening and dancing enjoyment. (Those of you who attended the Swedanna Dance will remember their popularity.) Dancing will commence after dinner till 1:00 a.m..

We would like to stress that this is not a profit-making venture. The cost has been kept down to the absolute minimum of \$ 10.00 per person. Basically, Hazelmere was chosen because they provided the best value plus the most interesting and appealing surroundings.

Hazelmere Valley Golf Course is only a 45 minute drive from downtown Vancouver, 30 minutes from New Westminster, 25 minutes from Richmond and 20 minutes from Tsawwassen. If this drive will discourage you from attending, please call Thea Browne (526-1433). If there is a good response a bus can be chartered to transport passengers from Surrey Campus. Hazelmere is very easy to find - just follow the map on the back of your ticket.

We hope you will come and make this dance a very big success. Tickets are in the process of being distributed and will be available through each campus receptionist or any member of the D.C.F.A.. Please watch for more information soon.

Rugby Team Wins 2 More

The Douglas College rugby team continued on its winning ways with 2 convincing victories over the weekend.

On Saturday Douglas took on Okanagan College and emerged with a fairly comfortable 12-4 victory. Okanagan was never really a threat although Douglas played only a mediocre game. Scorers for Douglas were Ponti and Jagger with touchdowns, with Jagger converting both. These two teams might meet again this spring as they are both participating in the Santa Barbara tournament April 11th-13th.

On Sunday Douglas took on the powerful Simon Fraser University team at Hume Park. The SFU team were unbeaten this spring but obviously met their match in Douglas. Playing with a strong wind at their backs Douglas piled up a 20-0 lead by the half. In the second half SFU made a desperate effort to regain lost ground and narrowed the score to 20-7. But Douglas dug their heels in and kept their rivals at bay. Near the end of the game Dave Jagger made a beautiful break, and passed out to Russ Laurie who scorched in to give Douglas a 26-7 lead which was the final score. Other scorers for Douglas were Mark Andrews, George Boon, Kenny Allen and Joel Schmidt with touchdowns while Jagger added three converts. This was one of the finest games Douglas has played in a long time. They played like a team, throwing the ball around, backing each other up and in general totally confusing their opponents. Hopefully they will continue playing this style of rugby when they take on Richmond and the Burnaby Eastmen this weekend, and when they go down to Santa Barbara next week.

Rugby Team Defeats UBC and BCIT.

The Douglas College rugby team continued to show fine form this last week defeating the UBC under 21 team and BCIT.

On Tuesday night Douglas took on the well-drilled UBC squad under floodlights out at UBC. Rugby is traditionally of a high calibre out at UBC, and the UBC team, it was rumoured, expected Douglas to be a real pushover. If this was the case they would undoubtedly have been of a different mind as Douglas really "put it to them" from the opening whistle and enjoyed a 6-0 lead at the half. The score would have been considerably higher had the field been a little drier. In fact, UBC rarely penetrated into Douglas territory that first half. The second half was much a repetition of the first half with Gord Dennison, Russ Laurie, Jim Martin and Al Benson being outstanding for Douglas. The final score was 9-3 in favour of Douglas. Scorers for Douglas were Ponti with a touchdown, and Dave Jagger with a convert and field goal.

At BCIT on Sunday Douglas played a superb game defeating BCIT by a score of 22-3. BCIT are also preparing for a trip to California and they have a big heavy team with much potential. But they too made the mistake of underestimating their much smaller Douglas opponents - and paid the penalty. Although outpushed in the set scrums and outjumped in the lineouts, Douglas were much faster on to the loose ball and completely baffled BCIT by throwing the ball around and continually changing the direction of play. Dave Jagger, Burt Kirby and Russ Laurie were especially outstanding for Douglas. By the half Douglas led by 14-0 on touchdowns by Boon, Kirby and Schmidt, with Jagger adding a convert.

In their frustration BCIT tried to use some muscle in the second half, but were even further embarrassed when one of their heavies got soundly thrashed by Douglas' Joel Schmidt. This put an end to the violence. In the second half Douglas scorers were Sharpe and Edworthy with a touchdown each.

This coming weekend Douglas takes on Okanagan College and SFU.

# "was DOUGLAS COLLEGE LIBRARY ARCHIVES Lysistrata Liberated?"

An informal panel discussion will be held THURSDAY EVENING, April 3, 1975, immediately following Douglas College's performance of the play "LYSISTRATA". Come to the cafeteria, Vincent Massey Auditorium, New Westminster Secondary School, 835 8th Street.

## PARTICIPANTS

- . ESTHER ROBERTSON, Fraser Valley Regional College
- . JOYCE CHEVSKY, Douglas College
- . DR. JIM DAVIES, Douglas College

MODERATOR: Lillian Zimmerman, Convenor, Women's Studies, Douglas College

Lysistrata organized Athenian women to go on strike against their husbands. They were fed up with their men who constantly went off to war. BUT, this was no ordinary strike .....

*No picketing! No demand for higher wages!  
No cost of living bonus! No negotiations at the bargaining table!*

THEY STRIKE BY NOT GOING TO BED WITH THEIR MEN!

Was this a liberated act? Is this what sisterhood means?

What has it got to do with the women's movement today?

Should feminists also go on "strike" for their rights?

COME  
AND JOIN  
IN A  
LIVELY  
PROVOCATIVE  
GET-TOGETHER

INTER OFFICE MEMO 10

TO: ALL REGULAR STAFF MEMBERS HAVING MEDICAL COVERAGE  
WITH THE COLLEGE

DATE: APRIL/75

FROM: PAYROLL DEPARTMENT

RE: CONVERSION OF MEDICAL COVERAGE TO MEDICAL SERVICES PLAN OF B. C.

Effective June 1/75 your basic group medical coverage will be administered by the Medical Services Plan of British Columbia in Victoria rather than Medical Services Association (MSA). The medical benefits and premiums will be identical to those presently in effect.

We have been notified by Victoria that new identity cards will be released in May/75 for coverage effective June 1/75. If you do not receive your new card before the end of May, please be patient, we will pass them on to you as soon as we receive them.

DO NOT DESTROY YOUR MSA CARD WHICH YOU ARE NOW USING

This card still covers you for your Extended Health Benefits (EHB) and you will be required to keep it until your new EHB coverage cards are sent to you. The EHB coverage will remain with Medical Services Association (MSA).

Please present your new Medical card to your doctor so that he can bill the Medical Services Plan of British Columbia for services rendered on and after June 1/75.

If you have any queries regarding the above, please contact Wendie Flawith in the Payroll Department, local 219 NW.

THE ENGLISH & COMMUNICATIONS DIVISION PRESENTS.....

MICHAEL ONDAATJE

MICHAEL ONDAATJE was born in Ceylon in 1943. He attended school in England and came to Canada in 1962.

His first book, The Dainty Monsters (Coach House Press, 1967), was widely regarded as the most accomplished book by a new writer to have appeared in this country in a long time.

His 1970 publication, The Collected Works of Billy the Kid (Anansi), won the Governor-General's award. It has since been produced as a play, first at Toronto's St. Lawrence Centre for the Arts and on the C.B.C., and was recently staged at the Stratford Festival. It is currently on stage at Toronto's Free Theatre. The book will shortly be issued in the U.S. by Norton.

His other two books of poetry, The Man with Seven Toes (Coach House Press, 1969) and Rat Jelly (CHP 1973), have been equally well received. Ondaatje is also the author of a critical study Leonard Cohen (McClelland & Stewart, 1970).

In addition, ONDAATJE has made two movies, the first a 35 minute film on fellow poet bp Nichol called "Sons of Captain Poetry", and the second a 70 minute film of and about Theatre Passe Muraille's "The Farm Show" - now called "The Clinton Special".

ONDAATJE lives in Toronto with his wife and children and teaches at Glendon College, York University.

Excerpts from Reviews:

-about The Dainty Monsters

"An obviously talented young poet, and his first book is an impressive beginning...a very powerful surreal imagination"

Robert Weaver, The Toronto Star

-about Billy the Kid

"Ondaatje's method is paratactic and explosive"

FACULTY CERTIFICATION

This will probably be my final missive re. the faculty association's application for certification as a trade union, currently being considered by the Labour Relations Board.

The petition circulated recently was completely neutral on the issue, merely requesting that the Board take a representation vote as part of its investigation. Such a vote would not be required by law if the Board found that a simple majority of the 'unit' were already members of the association. People who genuinely wished to see a vote actually conducted willingly signed the petition when approached. I started the petition for the following reasons:

- a. when the faculty voted sometime ago to seek certification, it was my opinion that many of us were unsure of the importance or consequences of what we were doing, or indeed, of the concept of certification itself. Since then, we have had lots of opportunity to consider the issues involved, and can now make our decision much more capably.
- b. I was afraid that the Board would merely 'rubber-stamp' its approval of the application when it discovered a majority of the faculty was actually in the association. From information available to me, this automatic approval was very likely to happen i.e. that a vote would not be taken. You are probably aware that the association executive states that it asked for a vote. Notwithstanding this, information I was able to obtain indicated that the only item delaying approval of the application was a decision re. the inclusion or exclusion of technicians, and that the vote was not being considered.
- c. without the petition, the only way one could register against certification was by resigning from the association. However, resigning would prevent one from having any means at all for contributing input in this important matter, or any other matter between the faculty and the administration. I am a member of the association and have encouraged others to join it and/or remain in it.
- d. whether certification is achieved or not, I want the issue to be decided by people voting on an issue with which they are now much more familiar than they were many months ago. This means that the resolution of the issue will be decided by the majority, so that the association can move forward in confidence.

It is interesting to note that faculty both pro and con signed the petition. Presumably they support the desire for a clear-cut majority decision one way or the other.

(continued next page)

15

One last personal salvo re. the application: while the petition was neutral, I am not. My reasons for standing against certification are these:

- a. I do not feel it is appropriate for the faculty to be part of the organized trade union movement. I see little to admire in the movement when heads of unions frequently call 'study sessions' to decide if they will counsel their members to OBEY OR DISOBEY THE LAW (re. injunctions or cease-and-desist orders issued against them by a court).
- b. I see little to admire in the way the movement treats the public interest issue generally. A position of power based on how much inconvenience can be imposed on innocent third parties (i.e. how much hell can we raise!) is something with which I disagree; I feel that the faculty can achieve its needs more successfully without wearing a cloak of such greed and obtuse strategy.
- c. My freedom to act responsibly toward my students, colleagues, administrators and taxpayers cannot exist if I am expected to behave like a trade unionist, in a dispute between a faculty union and the administration, or between the latter and the staff union.
- d. I am very wary of individuals who feel they must have such a large club, in order to bargain in a realistic way with the College Council. The type of person who feels he needs such a club available, very soon finds the need to use it, believe me!

Certification is only one step removed from integration with the trade union movement. VOTE AGAINST CERTIFICATION AS A TRADE UNION. We're not a bunch of bloody sheep you know, nor is the administration Simon Legree!! The trade union camp would seem to be the worst place for us to pitch our tent!

Thanks for reading this submission, and listening to me over the last few months.

Murray Leslie,

Business Division
